TWO NEW BANK OF AMERICA BRANCHES TO BE ESTABLISHED IN SPRING VALLEY

Two new Bank of America branches will be established in the Spring Valley area in the near future, it was announced today by Vice President Gustav Tams, head of branch operations for the bank's southern California division.

The branches will be located at Conrad drive and Bonita rd. and in Sweetwater Valley at Sweetwater rd. and Jamacha Blvd.

"Both these areas have experienced tremendous population increases in the past few years and this trend is expected to continue for a long time to come," said Tams.

"Spring Valley's population

increased by 91 per cent during the 1950's with the construction of hundreds of new residences. The impetus for this growth was the Lemon Grove Freeway which made the major industrial and commercial districts of greater San Diego easily accessible to residents there,"

continued Tams.

"The Sweetwater Valley area has recently come into its own," Tams said. "We expect the population to more than double by the end of this decade."

Definite plans for the new branches are now being formulated and will be revealed soon.

The DIMMER VIEW

by MAX GOODWIN

Members who attended the 73rd annual California Newspaper Publishers Association convention last week in San Francisco had an opportunity to hear Jorge Zayas, former editor and publisher of the Havana Advance, Cuba's third largest newspaper.

Mr. Zayas' newspaper was confiscated by the Castro regime last year. The Castro government had ordered Mr. Zayas to publish an explanatory note at the bottom of each article that hadn't been previously approved by Castro to the effect that the above article had not been checked for truthfulness.

When Zayas refused to add the "footnotes", the Castro-controlled unions sent men in to put the footnotes in by force. Zayas appealed to the courts and the judges shrugged their collective shoulders and Zayas knew he would have to flee the country. This he did the same day he learned the courts could not protect him.

Thus died an important voice for freedom and democracy in Cuba and his 370 employees have become Castro's tools.

We asked Mr. Zayas why he hadn't alerted the United States to the Castro-Red romance to help avert the flatfooted position it caught our state department in.

He said that no person from the Cuban embassy had ever contacted him in all the years he published one of Cuba's most widely read newspapers. Had the proper rapport existed, the U.S. might have taken steps to prevent the Red tide from rolling into Cuba.

This is the pattern of some of the serious blunders our state department has been making. We are no advocate of putting U.S. embassies in the office of newspapers, but, for Heaven's Sake, members could pull themselves out of their ambassadorial vacuum long enough to cultivate editors and publishers in Latin American countries to the point where mutual trust could exist.

If it should, the U.S. will have one of the most effective "early warning" systems yet devised. . . and it wouldn't do any harm if, by this interchange of information, we might learn to like each other in addition.

It cost the U.S. government for storage \$14,000 a day for flaxseed and rye; oats \$15,000; rice \$17,000; soybeans \$23,000; milk and butter \$29,000; barley \$64,000 and cotton \$76,000. "But these are peanuts", comments the Arlington, Texas, Citizen, "compared to the big boys. Have a good look: Grain sorghums cost \$262,000 a day. . . Corn costs \$444,000 a day. . . wheat \$579,000 a day for storage." Total cost of storage for all these commodities comes to over \$550,000,000 a year.

In a publication issued by the California Taxpayers' Association, an old article, developed by the Tax Foundation back in 1948 was reprinted.

The article is updated to account for today's prices and taxes, but otherwise remains the same. It reads:

Henry Suburban reaches out at 7 o'clock of a wintry morning to turn off the alarm clock (Price: \$5; tax, 50c). He pushes down the electric blanket (price: \$28; tax, 84c), climbs sleepily out of bed. He walks across the bedroom floor of his house (price \$12,000; annual property tax, \$200) and switches on the electricity, lighting a bulb (price: 33c, tax, 2c).

To music from a bedroom radio (price: \$30; tax, \$1.80), Henry shaves with his electric razor (see above). As a radio newscaster reports that Henry's state is preparing to increase income taxes and impose a general sales tax on everything anyone buys, Henry slaps a handful of bayrum (price: \$1.30; tax, 13c) across his jowls.

He dresses quickly, hurriedly fastening cuff links (price: \$5; tax, 50c) and tie clasp (price: \$3; tax, 30c), puts on his Swiss wrist watch (price: \$60; tax, \$6), and rushes downstairs. Tucked under one arm is a leather briefcase (price: \$25; tax, \$2.50 which carries papers from his real estate office including one deed (property valued at \$3,000; stamp tax, \$3.30).

In the kitchen he's just in time to snatch two slices of bread (at least 151 hidden taxes) from the electric toaster (price: \$16; tax, 48c), lift his coffee from the gas stove (price: \$190; tax, \$5.70), and grab a glass of fruit juice from the refrigerator (price: \$300; tax, \$9).

A glance out of the window shows it's begun to rain, so he calls to his wife (marriage license: \$2) to telephone monthly telephone bill: \$12; tax, \$1.20) for a taxi. Too many other people want taxis on a rainy morning, so Henry gets out his own car (price: \$2,500; total taxes \$518) and drives (operator's license: \$3) to the railroad station.

Henry relaxes at the station with a cigarette (price per pack: 13c; tax, 15c), lit by a match (tax: 2c per 1,000). Aboard the train, he settles down to a hand of bridge with three cronies, using of course, a deck of cards (price 40c; tax, 13c).

In the city on his way to the office, Henry stops to buy a roll of camera film (price: 40c; tax, 2c) that he promised his son (registration of birth: \$1), and the lipstick (price: \$1; tax, 10c) promised to his wife. Because there are friends coming to Henry's house in the evening, he buys a bottle of whiskey (price: \$3.40; tax, \$2.10).

Arriving eventually at the office, Henry sigh (no tax) and settles to a day's work (annual income: \$7,500; Federal and state income tax, \$986). If he works hard for the rest of his life, he will be able to provide the government with a handsome slice of inheritance tax. And if he dies in a state that is fiscally tolerant, he can take comfort in the thought that his casket—provided it costs less than \$100—will be exempt from any sales tax.

L.G. C. OF C. SETS BUDGET OF \$9,400

The Lemon Grove chamber of commerce Tuesday approved a budget of \$9,400 for the current year with a clear view of where only \$5,700 of it is coming from.

Larry Folda, chamber president, said the difference could be made up from new members (\$36 a year) and from a broadened program of accepting associate members (\$12 a year). Therefore, associate members were required to pay the full annual membership rate. Chamber members will be asked to vote on the change in laws by which the associate

membership may be made available. This category would have no voting rights, he said.

At the same time 53 former members were dropped from the rolls for non-payment of dues. Seven Lemon Grove firms were admitted to membership by the board.

A program of closer cooperation between the revitalized merchants' division of the chamber was approved.

An invitation will be extended to all local groups to use the meeting-room facilities of the chamber, Folda announced.

Pinball Machines Seized Here

Two pinball machines were seized in Lemon Grove Tuesday as part of the county sheriff's department's program to rid the county of the devices.

One was taken from Sam's place, a beer saloon at 3315 Buena Vista ave. The other came from Lemon Grove Miniature Golf Course, 3130 School ave.

Captain Charles Fry, in charge of the sheriff's detectives, said the machines violate an anti-gambling county ordinance. He said the men who conducted the raids on the Lemon Grove places, together with those in five other localities, found no evidence of gambling. The machines were of the electronic baseball type and did indicate free games.

The machines will be held 30 days and then destroyed, he said. "We have not arrested anyone and probably will not," Captain Fry said.

He said that the baseball-type machines formerly were hand-operated and did not violate county ordinances. "Recently, these machines were converted to electronic devices, which does violate one of the county ordinances," Fry said.

Fry also said the Treasury Department had told him the machines were not classified as gambling devices such as those seized last year in La Mesa in federal raids.

"They should have had a \$10 federal amusement tax stamp on them," Fry said.

"We haven't found any on the machines we've seized," he added.

Pizza Mystery Deepens As Sam Gets Anonymous \$6

The mystery surrounding the Lemon Grove's first pizza robbery was heightened this week when an envelope bearing an El Cajon postmark was delivered to Sam Pernicano Tuesday. It contained six dollars wrapped in a page torn from a magazine. No identifying material was in it.

Sam, who operates Pernicano's Pizza House at 7810 Broadway, Lemon Grove, responded to an order for four pizzas last week. The man who ordered them, took the four boxes and fled as Sam was tendering him the bill for six dollars. One box of pizzas was dropped as the pizza man fled. Sam said he could not press charges against the pizza rob-

School Site Bill Signed

The signing of a bill to release nearly \$30 million in State funds for school construction and site purchase in San Diego County and other counties and action to provide federal surplus food for unemployed persons in San Bernardino County were highlights of Governor Edmund G. Brown's activities last week.

Under Assembly Bill 25, which was introduced by Assemblyman Vernon Kilpatrick, Lynwood Democrat, nearly \$23 million will go to school districts in 21 counties for construction and the balance will be used for site acquisition.

Governor Brown supported the bill to end a log jam in school construction; to provide additional classrooms to end half-day sessions for thousands of school children and to supply new construction payrolls as an anti-recession move.

The money for sites allocated Tuesday by the State Allocations Board included San Diego County, with a breakdown by school districts as follows, Escondido, \$81,000, and La Mesa (Spring Valley), \$454,200; Orange Glen, \$238,300; Sweetwater, \$41,100.

Lakewood Plan Talk To Be Given in S-V

An explanation of the Lakewood Plan will be given at a public meeting of the Local Government Group of Spring Valley to be held at the Rancho school auditorium, at 7:30 p.m. Friday, Feb. 17.

Speaker will be Don Short, a civil engineer who was one of the original drafters of the plan which had been adopted for the City of Lakewood, California.

ber even if he were apprehended because he believes the robber sent the six dollars and that he was satisfied financially for his merchandise.

"A good pizza does great things for a man's conscience," Sam opined this week.

TIRE THEFT REPORTED

The Lemon Grove Tire Company, 7319 Broadway, Lemon Grove, has reported the theft of tires from its storage area, Saturday, Dennis Wayne Donner, 18 years, 1971 Fairhaven, Demon Grove, has been taken in custody by Deputy Sheriff's A. Lund and R. Wibe, in company with Mearle Albert Prince, 18 yrs, 714 Bart ave., Solana Beach.

Firemen Stop Blaze In Golden Avenue House

Vandals were blamed for a fire which burned out the floor of a house in the rear of 8080 Golden ave., Lemon Grove, Saturday by Mrs. Luella Fellows.

The Lemon Grove fire department, responding to the alarm, said that a five-gallon container had been poured on the wood floor and ignited. Firemen had to crawl an 18-foot hill in the rear of the Jack-in-the Box to get to the blaze. They extinguished the fire before it burned beyond the floor.

Chief H. L. Hensley estimated the damage at \$700 and said the sheriff's arson squad was working on several good clues.

Mrs. Fellows was one of the leaders of the Lemon Grove incorporation movement here several years ago. The house which was set ablaze was a rental on Mrs. Fellows property but had not been occupied for several months.

Action Expected On LG Chamber's Sign Tomorrow

SAN DIEGO (CNS)—Action on the Lemon Grove Chamber of Commerce request for a special use permit for an informational sign between the freeway and Federal boulevard is expected at tomorrow's meeting of the County Planning Commission.

The planners postponed consideration of the request from their Jan. 27 meeting because a zoning ordinance amendment authorizing such signs on issuance of a permit, adopted by the Board of Supervisors on Jan. 24, was not yet in effect.

BIKE STOLEN

Mrs. Francis Evans, 8386 Golden ave., Lemon Grove, reported to the Sheriff's office the theft of her son's 26" Montgomery Ward bicycle. A week previously she said someone had slashed a tire, but this time they came and removed the entire bicycle.

More Than A Thousand Youngsters And Pets Expected To Take Part

Prizes are being wrapped and money is being counted, all of which will go to youngsters, three to twelve, whose pets are judged winners in the Annual Pet Parade Saturday starting at 11 a.m. Officials expect the biggest turnout the event has ever produced.

(Confidentially, kids, practically everyone who brings a pet is a cinch to win a prize because there will be almost a thousand different prizes given.)

The parade will form at 10 a.m. and it should take the Lemon Grove Optimist club about an hour to get the line in its proper categories. Jack Moscrop, Optimist president asks that all paraders be on hand as early as possible.

OLIVE AND PACIFIC

The parade will move down Olive street to Broadway, led by the Mt. Miguel band and closed by the L.G. junior high school band, but there'll be

other musical aggregations in between. There will also be upwards of a thousand youngsters and their pets.

The line will move over Broadway; east to Kempf, then south to the playground at the L.G. junior high school.

At the playground, judges under the direction of Palmer Svalstad, a L.G. resident who is trustee of the Grossmont high school district, will decide who gets what prizes. Assisting Svalstad will be Dr. Robert Conlin and Colonel Bob Pulliam. All three are members of the L.G. Lions club.

VETERINARIAN PRESENT Supervising the care of the animals along the entire route will be Dr. Robert Burns, operator of the L.G. Veterinary hospital.

When the youngsters converge on the judging area, Mrs. Lee Nottingham, executive of the L.G. Coordinating Council will be in charge of serving sandwiches and lemon flavored Koolade. Town Talk bakeries are supplying the bread, Don Diego Markets is supplying the peanut butter and Armour's Packing Co. is providing ham. CHB Jelly Co. is supplying jam to sweeten the sandwiches. The sandwiches will be made up by Bill's Coffee Shop. Obviously, no young appetite will remain unsatisfied.

According to Skip Degenhart, chairman of the merchants' division of the chamber under whose direction the parade is being held, no prior arrangements need be made to enter the competition. Simple rules are that all pets must be carried, caged, bowled or leashed. No horses and no autos may be entered. All pets must be costumed in some fashion and the pets' masters may also be costumed. Degenhart may be reached at Don Diego Market for added information (HO 9-4197).

PRIZES GALORE

Prizes will be given for the prettiest, the ugliest, largest, smallest, funniest, craziest, sweetest, best-dressed and the most interestingly dressed, and whatever other categories that the judges can dream up, according to Jerry Mather, parade chairman.

Mather said most every business firm is giving prizes of merchandise, gift certificate or money. A partial list, he said, included: La Salle Enterprises, set of spark plugs; Dairy Queen, \$5 ice cream; Karl's Shoes, \$3 gift; Bowlero, 3 free games; Jack-in-the-Box, \$2, and Hazlip Pharmacy, box of assorted gifts.

Also: Inky's Bike Shop, gift; Walters Jewelry, \$2; Rella's Shoes, tennis shoes; Helen Gaudin's Shop, gift; and Denal's Shop, four \$3 bracelets.

The parade itself will be made up of many groups. The Mt. Miguel high school band, the L.G. junior high band and the L.G. Twirlers will lead the procession. Lot-Split Law 3 Hired To Enforce Ordinance

SAN DIEGO (CNS)—Machinery to enforce the county's controversial new "lot-split" ordinance — itself the object of an equally controversial repeal referendum movement — was voted Tuesday by the County Board of Supervisors. But a split vote showed the division of the Board on the issue.

The three-to-two vote by which the Board authorized the hiring of three persons for policing the ordinance was not enough to permit the transfer of funds from unappropriated surplus to pay their salaries. The law requires a four-fifths majority of the board.

So Fred J. Morey, assistant chief administrative officer, suggested that \$21,840 for personnel and operation be transferred from other existing budget accounts, and a motion to this effect passed, again by a three-to-two vote.

ROAD TO BE REPAIRED

Repair of Sweetwater road will be started Wednesday by the R. E. Hazard Co., and some delay will be experienced for autoists according to Paul Fowler, engineer for the county road department.

Refusal To Sign Sewer Pact Voiced

Action By National City Mayor Held Not To Affect S-V Connection

The participation of the Spring Valley Sanitation District in the Metropolitan sewerage agreement with San Diego will not be affected by the refusal of National City, through its mayor, to sign the agreement Tuesday according to information received from the public works department, engineering division of the City of San Diego.

"The connection of the Spring Valley Sanitation district to the main line will not be affected by this recent change," said Joe Rushing, a public works department engineering division official.

He said that National City had not been counted on, and that it is possible that it would come in on the plan in the future.

Mayor Thelma N. Hollingsworth of National City said she would resign rather than sign the pact. The deadline for signing the agreement was Tuesday.

Contracts were approved by the county Board of Supervisors covering participation in the metropolitan sewerage system in Spring Valley, Lemon Grove and Rolando.

Already signed to a contract in the system which is estimated to cost \$51 million is La Mesa. El Cajon is expected to sign the agreement today.

Two cities in the South Bay have already approved the plan. Imperial Beach City Manager Robert Wynn said he delivered his city's signed contract to participate in San Diego officials. The Chula Vista City Council Tuesday night voted unanimously to contract with San Diego for sewage disposal at a maximum of 26.2 million gallons a day to serve a population expected to reach 330,000 in forty years.

The National City Council with Mrs. Hollingsworth casting the negative vote — in favor of joining the system.

Motor Vehicles Dept. Revenues Top 1/4 Billion

Revenues collected by the Department of Motor Vehicles in 1960 reached a record-breaking total of more than a quarter of a billion dollars, Director Robert McCarthy announced today.

"The grand total of 1960 vehicle registration fees of all types, together with driver license application fees, amounted to \$257,952,822," McCarthy said. "The comparable total in 1959 was just over \$239 million."

The bulk of his huge sum is used for highway purposes under formulas established in law. Next to the gas tax, the major source of revenues for California's great highway construction program is the motor vehicle fees.

McCarthy pointed out that under the Revenue and Taxation Code, the money is assigned to two major distribution funds.

The vehicle registration and driver license application fees are deposited in a Motor Vehicle Fund, which at the end of 1960 had reached a total of over \$132 million; and the vehicle licensing fee based on two per cent of the valuation of the vehicle, collected by DMV for cities and counties in lieu of a local property tax, is deposited for these units of government in a State Vehicle License Fee fund.

'Playing Hookey' By Youths In Area Makes Work For Sheriff's Men In Searches

A combination of discouraging report cards from school, the beckoning of the warming outdoors, and general youthful restlessness has created a runaway situation in the Lemon Grove and Spring Valley area which has kept sheriff's deputies busy keeping track of some of its youthful citizens.

Three sub-teen boys and a girl, 13 years old, "took off" at 8:30 p.m. Wednesday night, Feb. 1 after getting their report cards from the Spring Valley Junior High school. Several hours after leaving school, all four were seen at a Spring Valley drive-in. From there they were eventually found at 3:20 a.m. Thursday, Feb. 2 at El Centro by the El Centro police in a car which is listed in the name of Gordon Gene Brugma, 10411 Don Pico rd., Spring Valley.

The four had clambered into the car across the street from the Spring Valley firehouse, No. 1 near 8862 Troy st., and were seen by Howard B. Lawton, assistant chief of the Spring Valley fire department, who was on the roof of the firehouse.

The car was reported un-locked but the ignition switch was in the "off" position.

Information as to the car and the juveniles was passed to the law enforcement agencies of the area.

Parents of the children have been contacted by San Diego juvenile authorities who will await their return from the Imperial County juvenile hall in El Centro where they are being held before making a decision in the case.

Also Robert Lee Jones, 16, of 7630 Canton Drive, Lemon Grove, was last seen at his home at 7:30 a.m. Feb. 2, and seen by his sister Nancy Lee Jones at Mt. Miguel High school at noon of that day. His father, Robert A. Jones, told Deputy Sheriff R. Sandberg he had no idea where his son had gone, and that a check with his friends has not led to any clues. Juvenile officers reported they had not been able to locate the boy.

The great outdoors beckoned two brothers, Calvin Eugene Campbell, 12, and his brother William Howard Campbell, 9 sons of Fred Campbells, 8755 Jamacha road, Spring Valley. They slipped away from their home via the bedroom window about 10:30 p.m. Feb. 2, taking a green plaid blanket with them. Juvenile officers found them several days later in Al pine sitting alongside a camp fire and they were taken to Juvenile hall.

Coat, Tape Stolen After Bowling

John Anthony Neenan, manager of Custom Kitchens at 7328 Broadway, Lemon Grove, stopped in the Lemon Grove Bowlery in the wee hours of the morning of Feb. 1, for a nightcap bowling game.

After the one game bowled, he found upon returning to his parked car that his coat, worth \$125 and a new Diston 12-foot steel tape in the car. He reported to sheriff's deputies that when he was in the Bowlery the only other persons there were four boys, who left before him.

U.S. Shown as World's Largest Exporter of Farming Products

The United States is the world's largest exporter of farm products, United States Department of Agriculture's Foreign Agricultural Service has reported, according to a recent report from the Agricultural Extension Service of San Diego County.

The report stated that in 1960 the United States supplied 17 per cent of the world's agricultural export volume. The output of 57 million acres (one acre of every six of harvested cropland) moved abroad.

U. S. exports of farm products in 1960 establishes a new record in quantity and were second highest in value. Export value totaled \$4.5 billion compared with the \$4.7 billion record of 1957. Both quantity and value in the past four years have averaged higher than in any other four-year period.

Of the \$4.5 billion exports in fiscal year 1960, \$3.2 billion moved commercially for dollars and \$1.5 billion under government-financed programs (P.L. 480 and the Mutual Security Act).

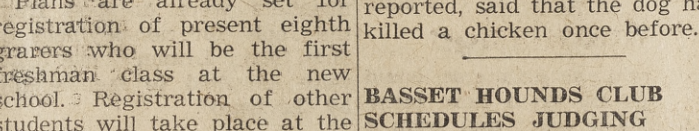

In the first three years exports averaged about half of the rice output; two-fifth of cotton, wheat and tallow; about a third of tobacco, and one-fifth of soybean production.

Agricultural shipments in 1960 required financing, inland transportation, storage, and ocean shipping for 38 million long tons of cargo—enough to fill 950,000 freight cars or 3,800 cargo ships. In moving them, an average of 10 ships a day weighed anchor.

REPORT BB SHOTS AT JAMUL POST OFFICE

Evelyn Schmidt of the Jamul Post Office, reported to Deputy Sheriff's investigating that on three different occasions pellets have been fired into the plate glass and door windows of the post office over the week ends covering Dec. 27, 1960 to Jan. 31, 1961. All the shots came from the north side of the building, she said.

35-Million Earmarked For Water Project Construction

SACRAMENTO — Nearly \$35 million — \$17,664,230 — is earmarked for work in the Oroville area.

This \$34,600,954 is in addition to some \$13 million set aside for departmental costs—planning, design, construction supervision, etc. — in connection with construction work, Mr. Warne pointed out.

"The people of California have told us they want water projects built," Mr. Warne said, "and we are going to build them as fast as sound engineering and financing will allow."

30 Students Use Marine Cruise To Gain Firsthand Knowledge

Thirty Grossmont high school district science students interested in marine biology and oceanography as a career gained first-hand knowledge of the subject Friday, Feb. 3, during a five-hour cruise on the Scripps Institute of Oceanography research ship, the Spencer F. Baird.

Fifteen of the students are enrolled at Grossmont high school; each of the other district schools sent three. The students are from grades 9, 10, 11 and 12. Senior counselor Gordon Shield and science teacher Edward Kintzele both of Grossmont high school, accompanied the students.

The University of California

alumni association arranged the cruise. Special credit goes to Pat Hyndman, prominent in alumni work at the University of California at Berkeley. He is the father of Jan Hyndman, Grossmont high school senior. Richard Johnson, of the University of California alumni in the San Diego area, also assisted with the arrangements. Dale C. Krause, of the Scripps Institute of Oceanography, was in charge of the cruise.

The ship left the Broadway Pier in San Diego at 9 a.m. Since this is a public pier, students were allowed to take cameras and special equipment aboard without security clearance, according to Peter G. Trapani, superintendent of Marine Facilities. Lunch, consisting of soup and sandwiches, was served aboard ship.

The Spencer F. Baird will take part in Operation Mohole, scheduled for next month, according to Thomas A. Manior, public relations manager at Scripps Institute. This is the operation which will attempt to drill deep into the earth's crust below the ocean, to learn more about the structure of the earth.

Lucky Stores' Grocery Profit Nears 3 Million

Sales for 1960 for Lucky Stores, Inc., which operates the Food Basket grocery chain in Lemon Grove and other stores throughout the state, were \$190,071,490 compared to \$178,389,888 for 1959, G. A. Awes, president of Lucky reported today.

In releasing these figures, Awes pointed out that 1959 was a 53 week year while 1960 was a 52 week year. Based on 52 weeks of business, sales showed an increase of 8.4 per cent.

Profits after taxes were \$2,322,000 for 1960 against \$2,847,000 for 1959. After adjustment for the stock dividend paid in March 1960 and again on a 52 week basis, the per share earnings were \$1.42 for 1960 against \$1.41 for 1959, or a one per cent increase.

"After the first quarter of 1960," Awes said, "despite extraordinarily intense competition and new store opening costs early in the year, we were able to conclude 1960 with earnings comparable to 1959, which was our best year."

As part of its continued expansion program, Lucky Stores will open 25 new stores during the coming year, Awes also stated.

Ex-Policeman Convicted on Morals Charge Against Waitress, 20, Mother of Three

A former San Diego policeman, Robert L. Moore, 32, 1678 Main st., Lemon Grove, was convicted Monday for a morals offense against a 20-year-old mother of three children.

The verdict against Moore was returned by a jury of eight women and four men before

Superior Court Judge Eli Levenson after three hours and 25 minutes of deliberation.

Moore was ordered remanded to the county jail, pending a probation hearing Feb. 24.

Moore who resigned from the police force a day after an investigation was begun into the offense as charged, had been free on \$1,500 bail.

Moore was convicted of abducting a woman for defilement, a charge which was enacted into the Penal Code in 1937.

Deputy Dist. Atty. Earl A. Maas, who prosecuted the case, said the maximum penalty is two to 14 years in prison.

Main prosecution witness called by Maas was the victim who testified that Moore forced her to submit to him through fear that he would jail her and take her children away from her.

The victim said that Moore asked her to go out with him while she was at work Sept. 27-28 at the Barbecue Queen, 3008 Imperial Ave., but that

she refused. Moore, she said, threatened to arrest her a short while later when he found a welfare card in her purse after he demanded to see her health card. She testified that Moore took

her to her home and forced her to submit to him. The alleged offense occurred about 1 a.m. Sept. 23 and Moore resigned from the police force Sept. 29 after the victim's employer reported the incident to police.

ON LINE-TO-PARIS — Catherine Barre, Mount Miguel's exchange student, lifts the receiver preparatory to talking with her father in Paris. —Photo, Allan McCune

Student Calls Paris Home In Phone Company Demonstration at School

"Allo, Papa, allo!" And with those words, Catherine Barre's face became radiant and a torrent of French poured from her lips.

Mount Miguel High School's exchange student from France was talking with her family in Paris, after long months of separation.

The transatlantic call, made possible by Pacific Telephone Company, was actually a demonstration of the use of the underseas cable for all interested students and adults.

Special wires had been run into room 11, the large lecture classroom, to make the January 27 call a reality. They will remain there permanently.

A thrill electrified the audience when Jack Walsh of the

telephone company announced that the call was being placed on Catherine's birthday state-side, but would really be received in Paris on another birthday, the next day, January 28 being the birthday of her 8-year-old sister. There is a nine-hour difference between our time and that of Paris.

Catherine's conversation was audible to all who were present in the room through the use of an amplifier; but, the listeners could hardly be called eavesdroppers, since not more than three of four were able to comprehend her rapid-fire French. An "okay," every now and then, brought a trickle of laughter throughout the room. "Ask him how France is,"

some called out. "France is fine, but I've got the flu," was Mr. Barre's witty retort.

Students from John Gormley's French class had the opportunity to practice their classroom conversation techniques on a real Parisienne.

Byron Netzel, Catherine's "American father," chatted with Mr. Barre for several minutes and mentioned "how sorry we will be when we have to return her."

The happy event was climaxed by the French classes which gave a small birthday party for Catherine. Hostesses Ann Winebrenner, Sheila Greene, and Carol Osborne provided the birthday cake.

MIGUEL QUINTET'S STREAK SNAPPED BY CHULA VISTA

Local Team Stopped at Five Wins, 45 To 29; Helix Topples Sweetwater to Go Into Second

By BILL OTT JR.

CHULA VISTA—Mt. Miguel's five game winning streak was broken last Friday night as the Chula Vista Spartans dumped the Matadors, 45-29 on the Spartan boards.

The Spartans lost four straight cage contests before snapping the Matador string of victories, and winning their second Metro League Southern Division skirmish from the league leading Miguelers. In the league opener, the Chula Vistas scored a 45-38 triumph, but in Friday night's contest a defensive game held the Matadors to 7 baskets for 14 points, with the remaining 15 coming from the free-throw line.

Wheeler Hubbard paced the Spartan offensive attack with 15 points, followed by Paul Conley's 9. Bob Engberg, Miguel center, tallied 8 points for the losing Matador five, and held 6' 7" Spartan center Howard Hemphill scoreless from the floor. Hemphill scored two free-throws in the final minutes of the game.

The visiting Matadors jumped off to a 9-8 first quarter lead, but trailed 21-14 at the halftime intermission. A seven point outburst by the Spring Valley cagers early in the third quarter deadlocked the score at 21-21 but the rally failed to hold up and the Matadors dropped behind 29-23 going into the final stanza. A 16 point effort in the fourth period "iced" the victory for the Spartan quintet.

The loss left the Matadors with a 5-2 record, one game ahead of the Spartans and Helix, each tied for the second position with 4-3 slates. The Miguelers were scheduled to meet Grossmont Tuesday afternoon on the Matador planks, and will play host to Escondido (5-2) of the Northern Division in the Mt. Miguel gym Friday night.

HELIX WINS, 70-63

SPRING VALLEY — Helix High's Highlander basketball team moved into a second place tie with Chula Vista in the Southern Division with a 70-63 triumph over the Sweetwater Red Devils last Friday night in the Mt. Miguel gym. The Highlanders and the Chula Vista quintet both have 4-3 records behind Mt. Miguel's 5-2 tally.

The Scots held a 12-9 first quarter lead, and rolled to a 37-31 halftime margin. A 15 point third quarter put the Highlanders out in front, 52-33 going into the final stanza for the 70-63 victory.

Paul Hagen and Ed Vitale paced the Scots' attack with 24 and 19 points respectively. John Adams meshed 15 points to

ad the losers.

SPECIAL NOTICE

Adults who wish to attend the Mt. Miguel-Escondido basketball game tomorrow night in the Mt. Miguel gym are urged to purchase their 75 cent tickets from the school's bookkeeper or phone and make reservations for the tickets. Junior Varsity action begins at 7 p.m. with the varsity clash following immediately afterward.

Another sell-out crowd is again expected in the Mt. Miguel gym to watch the Matadors who are currently in first place in the Southern Division meet with the Cougars who are in second place in the Northern Division.

HORT SHOTS

The touring Japanese All-Star high school wrestlers finished their tour of the United States with four individual championships in the 13th annual Naval Training Center invitational wrestling meet last Saturday night. Looking at the various basketball leagues in the San Diego County area, Hoover High's Cardinals seem to be heading for the Eastern League championship boasting a 5-0 loop mark, and a 17-2 overall slate. Kearny and Point Loma are tied with 4-1 records in their battle for the Western League title. Hilltop is out in front of the Metro League Northern Division chase by one game, and Mount Miguel, leads the Southern Division by one game with a 5-2 standing followed by Helix and Chula Vista who are tied for second place with 4-3 records. Ramona High leads the Southern League, formerly the Southern Prep League with a 7-0 league slate,

Flexible Class Schedules Stressed by Educator

Trends in utilization of teacher time and development of more flexible class schedules for students were stressed by John T. Warburton, assistant superintendent of instruction for the Grossmont Union High School, in a report to the Board of Trustees recently.

Trends reported were to provide for some large group instruction, ranging from 100 to 150 students which would be combined with small discussion groups of 10 to 15 students. More provision for individual study is usually included in the plans under this system.

Evaluation of a program which has been in operation at Grossmont High School under George Gross has indicated that student achievement which can be measured by tests is improved under this system as opposed to the standard program calling for classes from 30 to 35 which meet five days a week.

A similar program is being conducted at Helix High School under Chester Stearns in U.S. History and at Mt. Miguel under Mrs. Ellen Hall in English, and at Grossmont under Mrs. Frances Lea.

A team teaching program is being conducted at Mt. Miguel High School using closed circuit television and involving John Goss, Miss Dorothea Anderson, J. Richard Brown and Ann von der Mehden. Assistance to the team is being provided by 12 members of the La Mesa branch of the AAUW.

The board approved formulation of plans for some extension of the program in English at Helix High, a TV experiment in chemistry and flexible scheduling in the new high school, and an application to the federal government for central office educational TV, possibly incorporated with any elementary districts interested in participation, and a remedial reading instruction clinic concentrated in two of the high schools will also be explored.

Gas Company Rate Increase Up For Hearing This Week

Opening hearings on the application of San Diego Gas and Electric Company for an increase in gas rates totaling \$7,354,000 a year got underway yesterday in the San Diego Chamber of Commerce Building, and will continue through Friday.

The final hearing will be at 10 a.m. tomorrow.

The increase as proposed by the company is in two parts. The company seeks \$4,494,200 in additional revenue to offset the higher cost of gas supplied by Southern Counties Gas Co., resulting from increases placed in effect by El Paso Natural Gas Co. The second part of the increase sought by SDG&E amounts to \$2,859,800, to provide its gas department a rate of return of 6.50 per cent.

The company has indicated it will seek an interim decision making effective the \$4,494,200 offset immediately.

Driver Course Popular at HS

"Come, Josephine, in my flying machine and away we'll go," is heard by many a girl at Mount Miguel high school.

The delicate art of darning, sewing, and crocheting, has been rivaled lately by that of tire changing.

Students of Mount Miguel have been offered a behind-the-wheel driver training course and of the 1,100 students who have taken the course, the response has been equal among both genders.

The four-week course, given by Raymond Hirsch and Larry Swain, consists of a program ranging from starting a car to changing a tire.

Students beginning the course are taught steering, backing up, and shifting during the first week. They discuss the engine and how it operates. During the second week, students are started on road driving. They learn to get a better feel of the car. The young drivers are taken into Lemon Grove and El Cajon during the third week. At the end of the third week, a "Water Test" is given by the

Campouts, Church Programs Mark Area's Observance

National Boy Scout Week which opened in San Diego County Tuesday is being celebrated by the many troops in the Lemon Grove-Spring Valley area scheduling many campouts in special observance of the 51st anniversary of the founding of the scouting movement.

Scouting activities will be depicted in displays in stores in the area and the churches will honor them by making this Sunday "Scout Sunday."

Why do you trust this man to feed your family?

HAVE you ever realized that the most precious thing you buy every day is food? Probably not. Yet your own family's health and well-being depend largely on the quality of food you buy. Your food store dealer never forgets this fact. That's why he's as careful of the food he offers you as he is with the food he takes home to his own family.

While experience has taught you to rely on him for the best—most wholesome—foods, you likely take for granted his constant check for quality...his investment in new and better foods...and that he brings all of this to you at a price you know is right.

And how rewarding for you if your favorite food store gives you S&H Green Stamps.

You know, of course, that half the families in America save them today. Your S&H Green Stamps make it possible for you to choose from over 1,500 top-quality, famous brand-name items at your S&H Green Stamp Redemption Store.

'MR. METHODIST' TO ADDRESS CHURCH GROUP; SPIRITUAL HEALING TALKS TO START

Guest speaker at a general meeting of the Women's Society of Christian Service of Lemon Grove Methodist Church today will be Dr. Roy L. Smith, author and lecturer.

Dr. Smith, whose experience and leadership within the Methodist church has earned him the unofficial title of 'Mr. Methodist,' has been invited to talk on the theme 'What is the Word?'

A study course entitled 'Basic Christian Beliefs' will be offered under the sponsorship of the WSCS beginning Feb. 16 from 9 to 10:30 a.m. Evening meetings will conclude the study Feb. 19, 26 and March 4 from 7:30 to 9 p.m.

Dr. Jordan Detzer will be instructor for the classes which will be held at the church and are open to all interested members and friends.

Spiritual Healing Series to Start

'Spiritual Healing' is the subject of a special series of lectures which begins at Lemon Grove Methodist on Feb. 15.

Six leaders in this field will be guest speakers at successive

Wednesday evening meetings throughout Feb. and March.

They will include Rev. Phil Bartlett, Lemon Grove Episcopal Church; Mrs. Ethel Banks, St. Luke's Press; Rev. George H. Pendergast, Episcopal Church of San Diego, and Rev. Harold Christman, First Christian Church of El Cajon. Dr. Jordan Detzer, pastor of Lemon Grove Methodist, will also present one lecture on this topic which is to be related to a concurrent study at a regional

Methodist conference.

'Hearts and Flowers' will traditionally herald February when the Couple Club of the Lemon Grove church hosts a Valentine party on Feb. 11.

An invitation has been extended to all adult members of the church to attend this social event at the home of Mr. and Mrs. Jack Frates, 8130 Jefferson.

Party arrangements are under the direction of Mrs. Frates and Mrs. Doris Mullaney.

Church Group Aid Asked In Preparation for Older Years

'The lost art of growing old gracefully should be learned again,' a prominent church woman told a recent White House Conference on Aging in Washington D.C., according to a recent report released by the 'Christian Progress.'

Urging that church groups help prepare people for their older years, Mrs. Theodore O. Waddell recommended training in new vocations and developing new interests. A former vice president of the National Council of Churches and national leader of the United Church Women, Mrs. Waddell is chairman of the National Council of Churches Broadcasting and Film commission.

'To me,' Mrs. Waddell stated, 'one of the saddest results of the American accent on youth is the way it has led so many people to fear growing old.' She

pointed out that many people in their 'productive years' are too busy to watch their health or plan for their financial security. After going around in a narrow circle of interest, friends and business relationships, they suddenly find themselves retired and alone.

'Psychological tests show that older people are just as adept at learning as younger people,' Mrs. Waddell continued. 'And they need only to be guided into new interests and friendships. In this area, the responsibility for successfully meeting this problem of American society lies on the churches' doorstep.'

Mrs. Waddell concluded that, 'When people get information through a familiar channel such as their church, they believe what they hear, and follow the advice given them.'

GOD'S MINUTE

REV. H. C. BAKKEN

THE CROSS

The cross is God's estimate of man. Man came from the hand of God. He was made in God's image to be in fellowship with Him. When men fell into sin, God was willing to pay the price of the sacrifice of His only Son to purchase man's freedom from sin, death and the power of Satan. God paid this price for you.

BEWARE—Pictured here with her two-months-old baby David John, is Mrs. John H. Tarnow who complained to the San Diego Better Business Bureau and the Spring Valley Bulletin about "approach" of a salesman-photographer who she said represented himself as being in the employ of a La Mesa film studio.

The photographer, Mrs. Tarnow said, represented that the pictures he would take of the baby would appear in the Spring Valley Bulletin and showed her a copy, an issue in which pictures of a baby appeared.

With this added inducement, Mrs. Tarnow said she consented to have the baby picture taken and after watching the Bulletin in vain for several weeks for her baby's picture to appear, she learned from this office that the photographer had no connection with the Bulletin which did not make a practice of printing infant pictures unless they possessed added news value of their own.

Neither the Spring Valley Bulletin nor the Lemon Grove Review employs persons who sell any commodity or services other than subscriptions and advertising. Anyone coming in contact with persons who represent they are employed by either publication and are selling anything other than subscriptions or advertising to this paper, should notify the sheriff's department, the San Diego Better Business Bureau or either newspaper.

BOY SCOUT NEWS

Boy Scout troop 357, celebrated their first birthday with a dinner, entertainment and award giving.

Chuck Calkins presided at this meeting, his last as scoutmaster, before turning the troop over to Harry Harlan, recently elected as scoutmaster.

Mr. Calkins presented awards to Verne Miller, Harry Harlan, Sue Peverly and the Women's Auxiliary for their help during the past year. Patrol Leaders Jim Follas, Bob Weigand, Wayne Walker, Roy Freeman and David Carlson also were presented with awards for their contributions to their patrols.

The Avondale PTA, as sponsor of this troop, was presented with their charter, and the troop lauded for their many and varied activities and contributions to the community.

The entertainment was supplied by Ed Schultz, scoutmaster of Boy Scout Troop 324, who performed feats of magic. Ronny Romero almost lost his head to Malam Guillotine, and the boys had fun trying to catch one of the magic doves.

DISTRICT ROUND UP

District 10 held their first 'Round Up' in order to counsel Girl Scout Leaders, and the response was so good that it is believed this will be an annual event.

Neighborhoods represented were Casa de Oro, Lemon Grove, Monterey Heights, Oaknell and Spring Valley.

The officers of the district for 1961 are Lorene Perkins, district chairman; Marie Battaglio, district vice chairman; Helen Boas, secretary-treasurer, and Bev Scarpette, district advisor.

Friday evenings' activities included a welcome mixer, film of the National convention held in St. Louis in 1960, fireside entertainment and singing.

Saturday's program consisted of a 6 a.m. hike, two counseling sessions, discussion of the Girl Scout program in general, and reports from each group on last year's activities. Counselors were Betty Zimmerman for girls from 7-12, and Shirley Dailey for girls from 13-17.

Leaders all over the nation can now be recognized by the gold band worn on the shoulder of their uniforms. These bands were given out at this 'Round Up.'

State Unemployment Reaches 400,000; Up 44 Per Cent In Year

SACRAMENTO — A December increase of 51,000 in unemployment in California has been reported by a State official.

Unemployment rose to the 400,000 mark in December from 349,000 in November according to Irving H. Perluss, director of employment. The December total, Perluss noted, was 44 per cent above the year-ago level and higher than for any December since 1949.

This December, the unemployed comprised 6.1 per cent of the civilian labor force as compared with 5.4 per cent in November and 4.4 per cent in December a year ago.

John F. Henning, director of Industrial Relations, reported a civilian employment total of 6,133,000 in December. Although this is the highest for any December, it represents only a moderate gain of two per cent from the December 1959 level, and much less than the growth in the labor force — which amounted to four per cent in this same period.

December's manufacturing employment count of 1,351,000 was below the same month last

year by 14,000, chiefly reflecting sharp reductions in the aircraft work force. Agriculture also recorded less employment than a year ago.

On the plus side, services, government, trade, and finance recorded higher employment than in December 1959.

Henning pointed out that by December the year-to-year gain in total employment had narrowed to 121,000 from a margin of 294,000 at the beginning of

the year. Between November and December of 1960, there was a net gain of 20,000 civilian jobs, Henning said. Pre-Christmas expansion, particularly in retail stores, outweighed reductions in aircraft and seasonal losses in agriculture, construction, canning, and lumbering.

The civilian labor force, consisting of the employed and unemployed persons available for work and seeking work, num-

bered 6,533,000 in December. A year ago the labor force totaled 6,289,000.

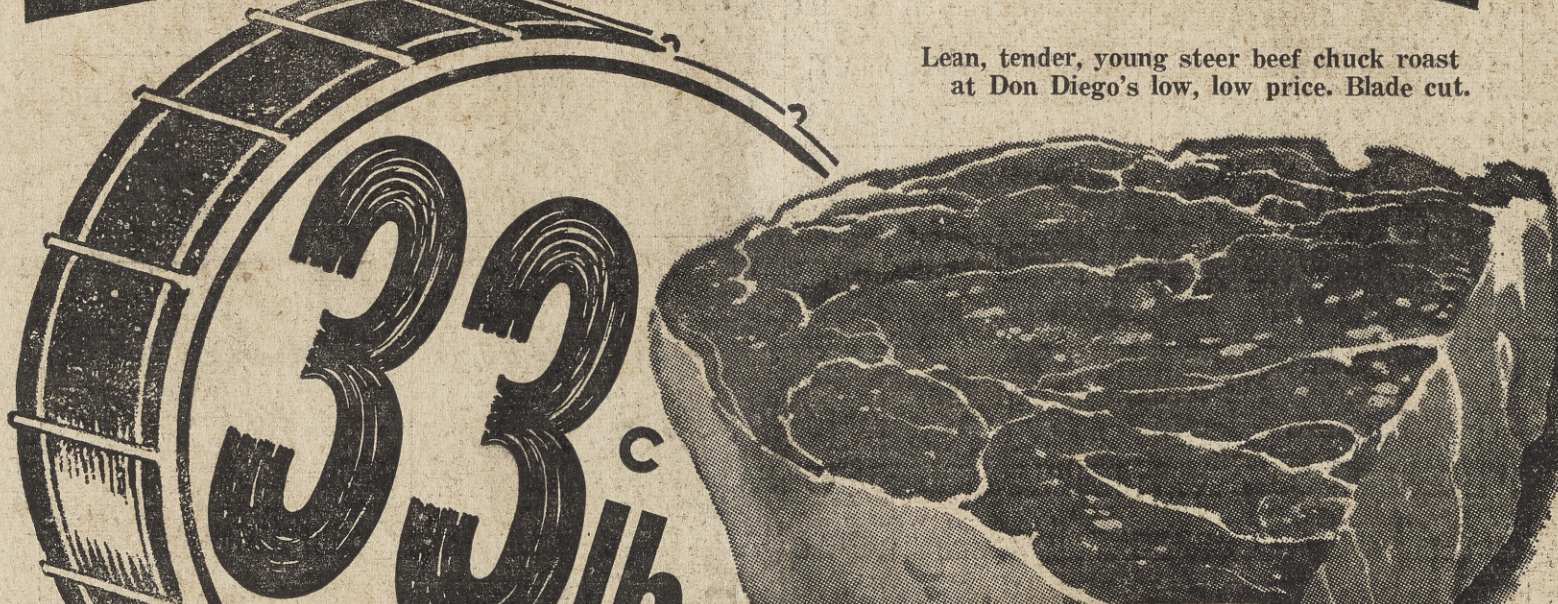

Coffee Timing — Peak stimulation from a cup of coffee hits after twenty minutes, stays that way for two and a half hours, then fades fast. A quick second cup won't perk you up twice as much, because the caffeine in the first cup partly blocks off the effect of the second cup until those two and a half hours are up.
